AIGENT MEMBER CLUB

- Travellers who have invested in an Aigent platform and have a digital asset are referred to as the **Aigent Member Club**, known as the Non Fungible Token (**NFT**).
- **There are up to 5%** of members compared to application users.
- **The Aigent Members Club** will be issued with a smart contract for blockchain technology that cannot be replicated.

NFT CREATOR
**MANGKORN
SORAPHON**

A portrait of Mangkorn Soraphon, an NFT creator and anime artist, standing in front of a dark, industrial-looking background. He is wearing a dark blue button-down shirt and has short dark hair. The background features a complex network of pipes and structural elements, suggesting a factory or industrial setting.
